

ABOUT THE PLACE

Soroa, municipality of Candelaria, province of Artemisa. It is located 17 km from "Las Terrazas". One of the biggest attractions of the place is, without a doubt, the Orchid Garden of Soroa, which was created back in 1943 and comprises an area of 35,000 m² where there are hundreds of species of Cuban orchids and from other parts of the world. You can also find there a water fall where you can swim. (The information about the touristic complex of "Las Terrazas" can be found in "Excursion to Las Terrazas").

Itinerary

Departure for Las Terrazas. The information related to this place is written in "Excursion to Las Terrazas". I suggest to go to Soroa by the end of the morning (17 km from Las Terrazas, 20 minutes). There you can have lunch in the local restaurant (optional). Later, you could visit the waterfall where swimming in the crystal clear waters of the river would be a good option. (Optional. 3 cuc pp.). After this, I would recommend you to visit the best orchid garden of Cuba, a beautiful botanical garden existing in the country since 1940s, and where there are hundreds of species of orchid plants, (Optional. 3 cuc pp + 1 cuc per camera). If you like to walk in nature, you can do it by climbing a hill next to the river in about 30 minutes. You will end up at a lookout point from where you will have a unique view of Soroa region and further. (free of charge). There is also a hotel in the area, Villa Soroa, where there is a beautiful swimming pool which you can use by paying a fee at the reception. At the end of the afternoon, go back to Havana.
